Chamber of Commerce Plans are Developing

Temporary Officers Have Been Installed

The newly elected directors of the Chamber of Commerce have been busy with organization plans and met Wednesday evening of last week and Monday evening and have drawn up a draft of proposed by-laws and formed a temporary organization with Richard A. Hawks chairman and Harold Roberts secretary.

It was also decided to have 10 members on the board of directors and the three receiving the next highest votes at the recent organization meeting, Harry Sunman, A. E. Morgan and Sam Perloff were added to the original seven elected. Charles Klunk tendered his resignation as a director which was accepted. Director W. B. Thurber who has taken an active interest in the organization suggested Carl T. Colt, a resident of Sierra Madre, who is a member of the Los Angeles Chamber of Commerce, to fill the vacancy and he was elected to succeed Mr. Klunk.

The next meeting of the directors will be held January 7, at which time it is hoped the organization will be perfected.

Arts Guild Xmas Party

The annual Arts Guild Christmas Party at the Old Brick Oven Friday evening, was a very successful and enjoyable affair with over 100 in attendance.

Miss Fannie Charles Dillon played Christmas carols, the singing being led by Laura Cadmus and Francis Eakman. Arthur Dewey, a former name-band pianist, was also present and played for singing and dancing.

The Christmas tree was a thing of beauty and joy forever. Each person brought a gift and Santa Claus Francis Eakman distributed them with rare judgment.

A judge and jury decided to shift responsibility in deciding who brought the most appropriate gift, and left it to the guests to decide by their applause and Marvin Weese, 358 N. Canyon, won top honors with a wood-block print, his own work, entitled "White Christmas," a picture of an Indian church and people he made there.

RECEPTION FOR REV. GROETSEMA NEXT THURSDAY

Kenneth Bush and assisting committee are making plans for a farewell reception honoring Rev. Frederic Groetsema and family. The affair will be held at Pritchard Hall Thursday evening, December 27, from 7:30 to 9:30, and will be strictly informal. A most cordial invitation is extended to all church members and friends in the community to attend.

Sunday evening, December 23, at 7:30 p.m., there will be a Parish Christmas Party at the Parish House. The children of the Sunday School will present Tabular Scenes to accompany the Christmas story with Christmas carols by the choir, interspersed. Father Smith will be the narrator. Judy Fortner, the Blessed Virgin, Margaret Farrow, the angel of the Annunciation, Tom Hennes, St. Joseph, Dick Davy, Sammy Bradshaw and Joe Davis, the Three Kings. A chorus of 50 children from the Sunday School will assist as Shepherds and Angels.

Following the pageant there will be a Christmas tree, presents and refreshments.

All organizations of the parish are assisting in presenting a real old fashioned Christmas party.

HISTORICAL SOCIETY MAKES PLEA FOR VITAL WORLD WAR II DATA

Service of the 500 Local Men and Women Should be in Library

The Historical Society of Sierra Madre is deeply grateful to the Library Board for its interest in preserving in permanent form the roll of the men and women from Sierra Madre who served in World War II. It is a fine tribute that the new library will have their names in a place of honor in the "Sierra Madre Room." The value of the record will be in proportion to its completeness and accuracy.

Every man and woman from Sierra Madre, whether from this draft board or not, is urged to put out a blank and leave it at the Public Library. It is so easy to do.

Some day a child or grandchild or historian will look for the record and not finding it will say, "Why is it not here?" The answer is simple, "No one cared" or "The person has moved." Now is the time. Blanks can be obtained at the Library or at the News office. Please see that your name is not left out.

BULLETIN

As the News goes to press word comes that James Hawks passed away Wednesday afternoon at his home, 88 E. Grand View. Mr. Hawks has been prominent in Sierra Madre for many years until his recent illness. At this time no arrangements have been made but will be announced by Grant Chapel.

BOY SCOUTS' 1ST CARAVAN SINCE 1941

Final plans were disclosed to

day at the meeting of the board of directors of the Pasadena-San Gabriel Valley Council Boy Scouts of America, for the Winter Caravan.

The Caravan, a yearly activity of the boys of the whole community of which Sierra Madre comprises one of 17 districts, will be resumed after a lapse of four years. Not since the dark days of 1941 has this time-honored custom been observed because of war restrictions and safety of the boys.

This year, however, the Caravan will be bigger and better and it is expected that as many as 400 Scouts and Scouting, many already signed from Sierra Madre, will make the desert trip.

In passenger cars, station wagons and busses as many as 400 will assemble in the vicinity of Rosemead Blvd. and Mission Rd. on December 27 at 8 a.m. and with State Police motorcycle escort will start the journey to Palm Springs.

Scouts and Scouting will be dressed in Western attire and will pitch camp among the age-old palm trees of Andreas Canyon. The camp will border on the swift-moving mountain stream of clear water and there at the foot of the mountainous rocks and under the clear desert sky a three-day camp will thrill the hearts of man and boy.

Cooking meals and hiking through the beautiful scenic country most or the day light, and campfires at night will furnish entertainment that will live long in the memories of all.

A special feature of the caravan is the brand which identified the particular caravan. Each boy will be entitled to have a belt or hat or some piece of his equipment braided with the old-fashioned branding irons.

Camp will be broken at approximately noon on Saturday and one more milestone in the lives of 400 clean-cut young Americans will have been accomplished.

L.T. THURBER MARRIED

Lt. R. B. Thurber, recently discharged from the Army Air Force at Lincoln, Neb., has been assigned as pilot of multi-motor planes in the Army Air Force Reserve. He was married recently to Miss Gav Breitenger, daughter of the publisher of the Daily Report at Bakersfield, and they will be married Saturday evening, December 27, from 7:30 to 9:30, and will be strictly informal. A most cordial invitation is extended to all church members and friends in the community to attend.

GEORGE THE ROOSTER

Miss Margaret Addis, assistant librarian, recently published a book for children which has been greatly praised by educators and persons familiar with child literature. It was published by the Wallace Hebbard Publishing Co. of Santa Barbara. It is entitled "George the Rooster" and is a story of a rooster who hoped to be sent to the shows.

There's Christmas in the Air Today

Maybe we haven't as many Christmas lights turned on in dear old Sierra Madre as some of our sister cities but there is a lot of Christmas spirit just the same. It is in the air. The carols and hymns which waft from Mr. Dumas' store through the streets of the town are nothing less than beautiful. It makes the atmosphere contagious with the Yuletide spirit. Well—before this article was typed a Santa Claus from Marshall's Sierra Madre Nursery left a beautiful silver potted cluster of poinsettias on the desk of the News office. We are still new enough to the West that poinsettias, if more than one in a pot, look like a million dollars.

Radio Technician Home from Camp at New Orleans, La.

T/Cpl. Norman Dumas came home Tuesday morning from New Orleans, La., where he has served more than two years at Camp Plauche as Radio Technical Engineer in charge of maintenance of the Camp Amplifier and Sound systems.

Mr. Dumas has received his discharge and will be associated with his father, Russell Dumas, in charge of the radio department. His wife and infant daughter have lived at 381 Ramona during his absence.

PICTURE OF THE WEEK

An exquisite pencil drawing of the Church of the Ascension portal was on exhibit for a short time in the News office this week.

The drawing, by artist Adele Richardson, is a real gem and much prized by Sierra Madreans who love the quaintness of the English architecture.

Ceramic Gift a Christmas to Hospitals

A Christmas gift of magnanimous proportions was presented by the A. L. Suman Pottery Monday to the Hospital Committee of Red Cross. The gift was 16 large boxes of the beautiful ceramics, ash trays and flower vases for rooms of patients who will spend Christmas in bed.

Mrs. Edward Clinton Young, chairman of the committee, says this splendid donation will be placed in the Long Beach hospital. This unusual gift is the third such contribution from the S-mans to hospitals.

Refreshments after the meeting were served in the lodge room.

RE-ENLISTS IN U.S. NAVY FOR TWO YEARS

Chief Ph. Mate John Gray has been visiting his mother, Mrs. John H. Ort, 58 E. Laurel Ave., the past two weeks. However, he returns to Long Beach today having re-enlisted in the U.S. Navy. Mr. Gray served aboard U.S.S. Haggard where he was wounded when the ship was attacked by suicide planes.

The men of the fire department can hardly wait for you to read this, so that you will know how grateful we are to those who made our Dance and Card Party such a big success, and to those who contributed without attending the party, for their generous contributions. We have found during the ticket selling that we have many friends about this city, who alone are doing their part with our efforts to keep the city safe from fire and help in our modest way with any and all parts of it. Monday night, New Year's Eve. Please sign up at the City Hall. The work will be done in a building, which will be heated. There will be hot coffee in abundance and refreshments.

Eddie Robertson, chairman of the Float Committee, says he never knew there was so much public concern with that position, but he is doing a good job of it.

Arrangements have been made by a moving picture company to take progressive pictures of the float as it develops.

Local District Boy Scout Committee Starts Year with Enthusiastic Members

The regular monthly meeting of the Sierra Madre District Committee of the Boy Scouts met Tuesday evening at the home of District Chairman William A. Kinney.

Reports from the various de-

partment chairmen indicated that progress is being made throughout the district and that Scouting is being carried out on a high level.

Mr. Huntsinger reported on the First Court of Honor, held in Rita's school hall. A sub-committee was appointed to provide adequate Scout activity for Scout Week which comes early in February.

Carl Hansen has accepted the position of chairman of finance for the new year and Maj. J. E. for the community.

Burns made his first appearance as a member of the committee in charge of leadership and training.

Thomas Reynolds who, because of the press of business has been out of Scouting, returns to the committee in charge of organization and extension.

This was the second meeting of the 1946 committee and Chairman Kinney expressed satisfaction.

He was pleased with the progress made in that the committee was completed with a good active membership and that everything now points to a successful year ahead.

And this he said, means everything for the firemen, not alone for charitable purposes, but aids greatly in holding the firemen together, which is not at all a minor matter to the citizens of Sierra Madre. It is of MUCH importance that we stay together.

Sierra Madre Float Will Be Credit to City. Work Progressing Nicely

Help Wanted to Trim New Year's Eve

Work on the float for the Rose Parade is proceeding on schedule and every indication points to Sierra Madre having an entry of which we may all be proud. Alfred Dewey, designer, has been busy on the model and details of construction, and while the theme has not yet been disclosed, the News representative was given a pre-view and it will be novel, original and attractive.

Harold Spears has had charge of the carpentry work, and the framework is practically completed. He has been assisted by Thomas Tarwater, Pete Kreuscher and Jack Moffat.

Assurance is given by J. C. Hansen and Paul S. Goya, local growers, that the flowers are coming along nicely and there will be plenty of them. Fortunately Sierra Madre was not hit by the recent frost which depleted many of the sources on which other cities were depending.

The funds are also coming along in a gratifying manner. A number of tickets were sold at the Firemen's Ball and Mrs. Gwen Dewey announces that \$342 has been taken in from the sale of tickets.

Mrs. Rosalie Goodwin was awarded a painting from the brush of Mr. Dewey, for selling the largest number of tickets. We are unable to print the names of the prize winners in the drawing as the publication of lotteries in a newspaper is forbidden by the government.

The sum of \$300 is assured by the Council and R. L. Lewis and Frank Spencer are busy raising the \$500 needed to complete the fund, among the merchants and public-spirited citizens.

The work of building and decking out the float is being done at the city planning plant on E. Sierra Madre Blvd. and plenty of workers are wanted. A few will be needed Sunday and several on Monday, December 31, and many more all night or parts of it, Monday night, New Year's Eve. Please sign up at the City Hall. The work will be done in a building, which will be heated. There will be hot coffee in abundance and refreshments.

Eddie Robertson, chairman of the Float Committee, says he never knew there was so much public concern with that position, but he is doing a good job of it.

Arrangements have been made by a moving picture company to take progressive pictures of the float as it develops.

Lt. Dennis Jr. Discharged at Santa Ana

First Lt. Norman S. Dennis, Jr. of Mr. and Mrs. Norman S. Dennis, 457 North Lima, was honorably discharged from the separation base at Santa Ana, maintained by the Army Forces.

The AAF has awarded him the Air Medal and the Asiatic Pacific theater ribbon with seven battle stars.

Before entering the service Dennis was a student at Pomona college.

MAJOR REITHERMAN RETURNS FROM INDIA

Major Wolfgang Reitherman is spending some time in the city with his sister, Margaret Reitherman, 138 W. Sierra Madre Blvd. Major Reitherman, a former artist with the Walt Disney studios, recently returned from India where he has been serving with the Air Transport Command during the war.

Plans were made at a meeting of representatives of Santa Anita Mesa and officials of the City of Pasadena Tuesday, whereby steps were taken for the annexation of 400 acres of the former Hastings Ranch to Pasadena.

City directors, department heads of all municipal utilities and members of the Pasadena Planning Commission met with Harrison R. Baker, subdivider of the property, Fred Marlowe, his associate, and Clarence P. Day, civil engineer for the new subdivision.

In order to retain the rural atmosphere there will be residential areas to the north, the first homes to be built in the Michilinda section between Hampton Rd. and Orange Grove Ave. according to Mr. Baker. None of the lots will be smaller than 90x170 feet.

City directors will resubmit their former action providing for the extension of Orange Grove Ave. through the ranch.

In reporting the meeting, one of the Pasadena papers stated "The magnificent thousand-acre Hastings Ranch is to become part of Pasadena."

The News called Mr. Baker, who assured us that only the 400 acres, the first to be subdivided, and lying south of the tracks, is to be developed at this time and that the assurances which he gave to representatives of Sierra Madre will stand and that Sierra Madre will receive every consideration for the property lying north of the tracks, provided sufficient water can be furnished

Mrs. Lillian Milliman of La Sierra Madre Blvd. Another guest vonia is spending her 10th winter at the Coates home was Alfred in Sierra Madre with her daughter, Mrs. Marvin Coates, 240 E. Diebolt Jr. of Palo Alto the last week.

CIVIC CLUB AND CHRISTMAS GO HAND IN HAND FOR GOOD CHEER

Christmas time is one of the highlights of Civic club activities. The members have made special plans to remember others and not the least, their own kiddies. Friday, 32 bed jackets will be presented to the teen-age ward at Olive View Sanatorium and tray favors filled with candy. The committee, Mrs. Gay Whiting, Mrs. Ralph Hutcheson, Mrs. Wallace Goodwin with their president, Ruth Miles, are not only taking the gifts to Olive View but they are training two good-cheer messengers, Alfred Dewey, to sketch for the patients, and Walter Hupfeld, accordionist, to give the Christmas music.

The club was also responsible for 12 Christmas boxes sent to hospitalized service men by the Red Cross Camp and Hospital committee.

Toy Loan, which is sponsored by the club, will receive its Christmas touch Thursday when Christmas candles will be served in the Toy Loan Library. The same evening Civic club kiddies will have their party at the Alfred Dewey Jr. Home on Churchill Rd., when a live Christmas tree will be brought in from the Dewey estate. Joe Bush will take Santa's place, distribute the gifts and enjoy the movies with his juvenile following. The party committee includes Muriel Tarr, Mrs. Lloyd Johnson, Mrs. Whiting and Mrs. Butler.

76 GIFT-BOXES SENT

The appeal for toys and school supplies for the children of war-devastated Europe was met with wholehearted response by the Junior Red Cross members of the grammar school who collected and packed 76 gift boxes to be shipped to children overseas. Each box contained several small new toys, paper, crayons and toilet articles. In some cases in Europe boys and girls have not seen a toy in years.

ALA ACTIVITIES

The American Legion Auxiliary held a busy but pleasant meeting at the home of Louise Block Thursday night with Mrs. P. M. Linville as co-hostess. Plans were made for a birthday post-card shower for charter member, Stella Dennison who is hospitalized at 1500 Duarre Rd., Duarre, her birthday being Friday, December 21. Child welfare chairman, Lucille Nollie, has received a check for \$22.20 from Department in Sierra Madre for Christmas gifts for half-orphans and the children of hospitalized veterans. Educational chairman, Minnie Stinman, reported contacting our schools which will participate in the yearly Americanism essay contest sponsored by the Department. The next meeting will be a Christmas party at the home of President Sylvia Quittner, 241 Ramona Ave., Thursday night, December 27, at 8 o'clock. Prospective members will be special guests. Everyone is requested to bring an exchange gift and come prepared to do a stint.

Tommy Mitchell and Mrs. Jack Mitchell will spend Christmas Day with Mr. Mitchell at the U.S. Veterans' Hospital at San Fernando. Mr. Mitchell is slowly improving.

FIRE FLAMES

And we still have the fire situation to consider, which means that we cannot have parties and forget the fire danger. Be careful this year with the kind of lighting used for Christmas trees. And by all means watch that no one stands too close to an open flame while adorned in their inflammable night array. This is really bad. Pajama material is most inflammable; please be careful. We are having such a wonderful year in regards to fire we would regret having an occurrence that would mar it. Let's keep the FIRES OUT.

and Things!

Man is ever in a struggle, and he's oft misunderstood; There are days the worst that's in him is master of the good, But at Christmas kindness rules him and puts himself aside And his petty hates are vanquished and his heart is opened wide. O, I don't know how to say it, but somehow it seems to me That at Christmas man is almost What God sent him here to be.

—Edgar Guest.

I WISH POP WOULD get me an amanuensis so I could keep account of all the comings and goings of folks around me. I am about the busiest little bee—I mean frog—in town, and my ears are just ringing from the reverberations: "Do you know when you will have any butter?" and "When will you get oleo?"

LET ME PAINT the true picture of the butter situation as presented in the Commercial Bulletin of Dec. 14th: "In September California dairymen turned out only 15 per cent as much butter as they averaged during the last five years. Production for the first nine months of this year was slightly more than half of that during the same months of 1944. The butter make is being reduced because cream, on which there is no ceiling, and from which manufacturing restrictions have been removed, is being diverted to more profitable channels."

MOM DISCUSSED THIS situation with the General Foods sales manager yesterday. He advised her that the problem was generally the same everywhere, and that customers interested in getting results should contact their OPA Board or wire their Congressman. "Nuff said!"

NOW AS TO SHORTENING and oils, CURLY tells us our ships are coming home from foreign ports filled with human cargo instead of fats and oils—

IN MY DEPARTMENT, however, there is an abundance of crisp, garden-fresh vegetables and luscious fruits: Brussels Sprouts, Summer Squash, Broccoli, Artichokes, Cauliflower, Green Peas, White or Red New Potatoes, Yams, Parsnips, Rutabagas, Egg Plant, Romaine, Endive, Water Cress, Celery, Mushrooms, Pears, Apples, Grapes, Pineapples, Avocados, Tangerines, Persimmons, and on and on!—Also a goodly supply of fresh-frozen vegetables including Baby Lima Beans!

CRANBERRIES, TOO! Fancy Cape Cod, and enough for all of you, I hope!

PROBABLY YOU HAVE already ordered your Turkey from LES or BETTY. If you had one of our plump, Northern birds at Thanksgiving, I know you will want another just like it!

ONE OF OUR GOOD neighbors who is always doing nice things for people brought MOM this recipe and gave us permission to publish it:

COOKED FONDANT
2 cups of granulated sugar
1 teaspoon vanilla
1 cup of water
2 tablespoons corn syrup OR
1/4 teaspoon cream of tartar

Heat sugar, syrup and water in saucepan slowly. Do not boil until sugar dissolves. Wash down sides of pan with fork wrapped in damp cloth or a damp pastry brush, or cover the pan and cook two or three minutes so steam will carry down crystals thrown on sides of pan. Continue to boil slowly without stirring, to soft ball stage (238 deg. F.). Cover pan part of the time so steam will help wash crystals from sides. Remove from heat and pour once on large platter or slabs which have been dipped in lukewarm water. Let stand until lukewarm. Stir with spatula or fork until creamy. Knead with hands until smooth and free from lumps. Wrap in wax paper and store several days in a tightly covered jar before using.

Thanks to Mary Goodfellow.

occupation, or military and naval service. The proceeds of a N.S.L.I. policy are free from the claims of creditors of the insured or creditors of the beneficiary. Payments of such insurance are not liable to attachment, levy or seizure by or under any legal process whatever.

A veteran permitting his insurance to lapse may re-instate the policy by complying with certain conditions.

A policy may be re-instated within six months after expiration from service by merely paying two monthly premiums, providing the veteran is in good health on the date of application for reinstatement, as he was on the due date of the first premium in default. After the six month period he is allowed an additional three months to reinstate his policy under the same health requirements. After that, in order to reinstate his policy, the veteran must undergo a thorough physical examination.

Safe Ways of Setting Up Xmas Trees

Happy fire-proof, hazard-proof holidays from the Accident Prevention Service of the Sierra Madre Red Cross!

Here are six reminders about the proper way to set up Christmas trees and decorations so as to prevent accidents.

1. Don't put Santa's whiskers too near the fireplace or candles. Santa Claus costumes catch fire easily.

2. Modern homes aren't used to old-fashioned candles. Make certain blowing candle flames don't ignite curtains, drapes or the Christmas tree.

3. When you string together electric light extensions, avoid overloading the circuit and don't make a tripping hazard of the cord.

4. Use a stepladder when putting the angel on the tree top.

5. Set the Christmas tree on a firm base in water . . . it keeps it green and reduces the fire hazard.

6. If the Christmas tree becomes bone dry, discard it. Dry fir is highly inflammable.

Entered as Second Class Matter at the post office at Sierra Madre, California, under the Act of March 3, 1897. Official paper of the City of Sierra Madre. Subscription price: \$2.50 a year in advance.

Accepted as a newspaper of general circulation for the publication of legal notices as defined by Section 4460 of the Political Code of California.

LIGHT UP FOR CHRISTMAS

It is unfortunate that our Chamber of Commerce did not start functioning a little earlier, as we might have had our business district lighted up for Christmas. Are we lacking in civic enterprise?

In looking over the 1930 issue of the News we note, "In spite of the depression, the heart of all Sierra Madre is in Christmas, the spirit of good-will is everywhere. The city is more beautifully decorated than ever through the efforts of the Street Committee of the Council, and the Chamber of Commerce. Every organization and nearly every person is engaged in work calculated to bring good cheer and happiness. It is doubtful if any community of similar size anywhere has undertaken so many worthy projects. The Red Cross Santa Claus will go forth to visit the shut-ins, 80 of them. His caravan will consist of a huge, gorgeously illuminated tree mounted on a truck with its own light plant, a truckload of carolers, and a third truck laden with gifts. Outdoor trees and residences will burst into color tomorrow, the finishing touches have been put on the downtown decorations, the Christmas work of the school children has been placed in store windows. Never before was the city so bright and gay. Every shop window ablaze with light and before every door a brilliantly lighted and trimmed Christmas tree, blending in with the redwood and cypress wreaths and garlands extending all along Central and Baldwin Aves."

If this could be done in a depression year, we should be able to do it now. Two of the stores which agreed to remain open and be lighted up during the pre-Christmas season were found dark by the committee Friday evening.

Let's at least light up our trees and homes and resolve another year to decorate our business district.

We have heard several remark that they can do better right here in our home stores than in the city, without the turmoil. Our local stores are well stocked with Christmas as well as regular goods, and haven't been picked over so badly.

One person was heard to remark that our drug stores are not open evenings and he wished they would take turns, one open one night and another the next. He said by the time he gets through work the stores are closed and he is forced to drive to some other city to do his shopping.

Probably one or two stores would not find it profitable to be open, but if all the stores were open till nine o'clock people would get the habit of trading here.

CHRISTMAS IN CALIFORNIA

It is hard for a native Californian, much more so for the recent arrival from the East, to realize at this time the near approach of Christmas. In fact, the writer has to look at his calendar to tell what month it is, whether summer or winter. This holiday to most of us is associated with cold and snow, and the balmy air and beautiful flowers of Southern California give no indication of its near approach. But the calendar says next Tuesday Christmas will be here, with its spirit of 'peace on earth, good will toward men,' commemorating the advent of the Christ child, the inestimable gift of God to men; the day when jolly old Santa Claus makes happy the hearts of the little ones; the day of family reunions, and loving remembrance from friend to friend; the sending and receiving of Christmas cards with friends from whom we may not have heard during the past year. And at this season it is particularly appropriate that we each should endeavor, by some token, act or word, to bring joy and good cheer to others, especially to the little ones, so that no home may be without some pleasant remembrance of the day.

Kiddies' Christmas

continued from page one
and be interested. In all, we want you to know that we appreciate your very kind attitude toward us. You encourage us "muchly."

One of the most gratifying things that I have heard came from a returned war veteran, who saw much horror of war. He said that one of the things he used to think of was a return home to attend another Firemen's Dance. He was noticeably pleased to be there. Another veteran of the war came to me and said that the Firemen's Party has become an institution of our town. All in all, it was a fine party and all had a good time.

It was noticed that Charlie Brown was at the dance (with

the same girl). That Dick Hawks likes to sit near the orchestra, and when the banjo player is not looking, plunk the banjo. That Andy Liscome is interested in music—he hugged the piano. That George Norris was here, there and everywhere. Vern Udell took his regular place at the door—he doesn't like to dance. The decorations done up by Harry Lange and Bob Newbery were exceptionally appropriate and well done. The music by Don Parker and his band was much superior to that of last year. Old reliable Joe Swanson saw that nothing slipped up—not even the distribution of the paper hats. Mercer Duff of the refreshment committee was kept too busy to dance. This

committee, consisting of Ray Penn, Mercer Duff and George Norris get a good hand from everybody. Plenty of good punch was available at all times and plenty of it consumed. Many prominent people of the village were noticed and don't you think

they weren't. It takes the firemen's party to get them all together. We'll take that much credit.

WE THANK YOU FROM THE BOTTOM OF OUR HEARTS.

Yours,
THE FIREMEN.
